Extraordinary Barriers List – August 2022

Patricia Newman gave a brief overview of her program then reviewed the cases of four individuals on the Extraordinary Barriers List.

The first individual's barriers to discharge include identifying and being accepted to a nursing home. This individual has recently experienced some increased medical concerns and a medical hospitalization. This individual requires assistance from staff to complete all activities of daily living. A location accepted the individual, however there were concerns regarding the placement due to the high cost and the fact that they did not have in-home medical providers. Numerous referrals to nursing

being coordinated and this individual will be discharged once the pass is completed and the address of the program is approved by their monitoring officer.
